Deputy Director of Logistics****SUBJECT: Logistics Focal Point for Recapitalization [REDACTED] 25X1**

1. I want to thank you for letting me sit in on your 3 September meeting concerning management concepts for the Recapitalization Program. [REDACTED] 25X1

2. As I listened to your managers discuss their concerns about, and participation in, Recapitalization, it was clearly evident that much of the planned near-term activity will impact directly on [REDACTED] in terms of both storage space and processing requirements. To better posture the Office of Logistics to address your requirements, I have designated [REDACTED] Deputy Chief [REDACTED] to be the focal point for all materiel handling requirements associated with Recapitalization. [REDACTED] will replace [REDACTED] who was responsible for the initial study of Recapitalization. [REDACTED] 25X1
